Membership Benefits

Welcome to the Petroleum Club of Western Australia

Connecting people with Energy!

We value the role we play in connecting people within the Energy industry, connecting the “Next Generation” in education to inspire their career pathways and connecting people to promote knowledge sharing amongst their peers.

Our core objective is to provide a professional platform in which industry stakeholders can unite to ensure continued growth and sustainability within the sector.

Our activities are designed to create an environment where members can mix both professionally and socially in order to facilitate long term associations and business opportunities, and an arena for promoting continued professional development, education and public awareness.

Benefits of Membership:

- Pre-Release opportunity to purchase event tickets
- Discounted member prices for events (industry dinners, sundowners, education seminars)
- Member exclusive discounts and opportunities
- Member badge for recognition of members at events
